LifeMark Health Acquires Home Medical Equipment Specialist MEDIchair

*Acquisition creates Canada's largest full service provider of both
integrated rehabilitation services and patient care products*

Calgary, AB – Craig Gattinger, CEO, LifeMark Health, Canada's largest provider of integrated rehabilitation services, is pleased to announce that the company has acquired MEDIchair. Terms of the private sale between the two Calgary-based companies were not disclosed. MEDIchair is North America's largest and fastest growing Home Medical Equipment (HME) franchise company with 59 stores from coast-to-coast in Canada.

"LifeMark Health and MEDIchair have a long-standing referral relationship in the Canadian healthcare industry," explains Gattinger. "We believe the MEDIchair acquisition is a natural extension of this relationship and builds on LifeMark Health's strategy to become Canada's largest full service provider of both integrated rehabilitation services and patient care products."

Stan Murray, President & COO of MEDIchair concurred: "This is a good fit that benefits both companies. In acquiring MEDIchair, LifeMark Health gains a national, established presence in the HME market place. MEDIchair also benefits from LifeMark Health's strength as a national provider of integrated rehabilitation services."

"With the addition of MEDIchair, we have strengthened and broadened our full suite of integrated rehabilitation services and patient care products," says Gattinger. "We now have the resources to provide total patient care services to the combined customer base of LifeMark Health and MEDIchair that is unmatched anywhere in Canada."

MEDIchair is a national, Canadian-owned HME company with 59 franchise stores employing approximately 400 staff. Before the MEDIchair acquisition, LifeMark Health had more than 800 employees in 53 locations from coast-to-coast in Canada. Combined, LifeMark Health companies will have approximately 1200 employees in more than 110 locations in Canada.
